

LIGHTING

Canadian lighting manufacturer. Emergency lighting, architectural, residential, commercial, industrial, drivers, ballast, lamps.

LED linear ribbon - Channels, drivers, smart controls, puck & step lights, downlights. Landscape lighting and accessories.

Sustainable commercial solar lighting solutions. Our products are revolutionizing the solar lighting industry

QUALITY POLE offers a wide range of high quality steel & aluminum poles for telecommunications, power, lighting and other applications.

Crouse-Hinds series

High performance LED luminaires and fixtures engineered specifically for harsh, hazardous and industrial environments.

Solais Lighting - Best-in-class LED manufacturing. Products that will sustain the test of time in the most crucial environments.

Architectural, pedestrian scale, exterior LED lighting fixtures constructed to perform while also withstanding the elements.

Correctional & food and beverage processing. Portfolio includes LED Fixtures. Class I Div II - NSF - IP67 - Corrosion & Chemical Resistant

ELECTRICAL

Wiring devices

Wiring devices and accessories for residential, commercial, industrial and institutional applications.

B-Line series

Cable tray systems, bolted framing (Strut) systems, fasteners, electrical enclosures and wire ways.

Cooper Power series

Liquid filled transformers, voltage regulators, power capacitors, switchgear, reclosers and more.

Southwire™
Tools & Assembled Products Division

Southwire tools, components and assembled solutions. Conduit benders, wire pullers, test and measurement, hand tools, temporary power, extension cords, temporary lighting and more.

Canadian manufacturer of residential, commercial and industrial heating cable and controls.

Crouse-Hinds series

Fittings, cable glands, motor control, explosion-proof products, cast & non-metallic enclosures, plugs, receptacles, hubs, and more.

Bussmann series

Industry leader in industrial and commercial critical circuit protection fuses, power management, disconnects, and electrical safety

Omnicable is a premier distributor of wire and cable, electrical products and value add services.

Transfab TMS solutions includes: Power quality filters, EMC filters, variable speed drive braking resistors, control transformers, low voltage lighting transformers, solutions for customization applications.

Air comfort conditioning manufacturer of electric heating, ventilation and temperature control products.

A home load sharing device that enables you to utilize the power needed for level 2 EV charging without the need for electrical upgrades.
